DETAILED ACTION

Applicants' amendment dated 6/3/04 has overcome the objections to the specification listed in the last office action dated 3/3/04.

Allowable Subject Matter

Claim 12 is allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose nor teach the storage device storing the address of a defective first defined mask among the plurality of first masks and the address of a second defined mask having a pattern configuration to be used instead of said defective first defined mask, and ... wherein the control device replaces the address of the defective first defined mask with the address of said second defined mask having a pattern configuration to be used instead of said defective first defined mask, in combination with the rest of claim's limitations. Since this aspect is not disclosed nor taught in the prior art of record, independent claim 12 is deemed allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
